**establishing rapport with the subject calming him down. Subject was 6 feet/ approx 245 pounds, with a muscular build and stated he was prior military. He further stated to Saban Clinic personnel he was going to shoot everyone and detonate a bomb inside the location.**

**After calling LAPD numerous times, LAPD unit 6 W 17 and 6L60 arrived and requested backup after confronting the subject due to his aggressive manner. Multiple units arrived to the location in response to the sergeant's backup request and ultimately LAPD took him into custody, for 422 PC, Criminal Threats.**

**BID officers utilized sound tactics and used their experience to keep the peace on a potentially dangerous situation with an unpredictable subject who challenged all of us to a fight. He stated he was going to kill us within 15 seconds and that he was prior "special forces". The subject was extremely credible based on his calm demeanor and his tactical positioning in reference to BID Ofcr positions. Additionally, it should be noted, call to LAPD went out over LAPD frequency as a "code 2 call", however, the response to our location took approximately 55 minutes for unit to arrive. Saban clinic personnel Cynthia and the physician assistant was pleading with us during the wait for LAPD to not leave the location. I assured them we will not abandon them and we will be here to the end of the incident.**
